SCHAWANG CATTLE CO.

SCHAWANG Cattle Co.

Hello Fellow Cattlepeople,

Thank you again for your interest in our cattle operation. A great deal has changed in the past year; On the Sunday after last year's sale Hayden asked Caitlyn to marry him and she said yes. They will get married this summer. Then in January I had a heart attack. I seem to have recovered but the diet changes are not making me happy. I have been telling myself that pepper is just black salt and that a bowl of fruit during the 10 o'clock news is really ice cream but I may not be convinced yet.

The cattle market has also changed in the past year. It is nice that cattle producers are finally getting paid for what they are producing. With the cow herd being as small as it has been in decades the market should stay strong for a while.

Please contact us if you have any questions. We hope to see you on sale day. And thanks again for your interest.

Randy & Mindy Schawang

MAIL OR PHONE BIDS

Please contact the auctioneer or owners for absentee bids or to be called during the auction.

TERMS OF SALE

All sales are cash or good check on the day of sale.

Announcements on sale day will take precedence over printed material.

HERD HEALTH

All females are preg-checked open. Cattle have been managed with a comprehensive vaccination program and parasite control. Bulls will be semen checked. All bulls are virgins. Our herd is at stage 5 of the Johnes Herd Certification program. All animals in the sale have been tested negative for BVD.

Sale Conditions, Care & Guarantee

Conditions of Sale

Guarantee, terms and conditions not specifically addressed elsewhere in the catalog will be per respective breed association guidelines. Schawang Cattle Co., sale staff and assistants are not liable for accidents or injury.

Bull Care

Bulls can be left at Schawang Cattle Co. free of charge until breeding season, or July 1. This is to allow our customers flexibility in receiving bulls and to help prevent injury from mixing bulls. Bulls are left at buyer's risk. Schawang Cattle Co will deliver bulls free of charge to Nebraska customers, to connecting states if purchase is over \$5,000, and anywhere in North America if purchase is over \$10,000. We will work with customers to get animals to their new home as economically as possible.

Breeding Guarantee

As written by a lawyer

Bulls are warranted to be breeders (defined as the ability to settle an average number of cows during the first breeding season after attaining 18 months of age), with the exception of bull calves sold at the side of dam, or due to injury or disease suffered or occurring after sale. THIS EXPRESS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OF IMPLIED. In the event of a breach of warranty and upon timely notice, Buyer may return the animal for a full refund of the purchase price or, if available, substitution of another of like kind and value. THE REMEDIES SPECIFIED FOR BREACH OF THIS WARRANTY ARE IN LIEU OF ALL OTHER REMEDIES WHATSOEVER, INCLUDING INCIDENTAL OR CONSEQUENTIAL DAMAGES.

As written by Randy

If something goes wrong with the bull in the first 90 days after turnout, we will replace the bull if one is available. We will help you find a replacement if we don't have one, and give you credit toward our next sale for the purchase price less salvage value of the bull that went bad.

If a bull is promoted as a "calving ease/heifer bull" and it turns out that he isn't, we will give you credit toward our next sale of the purchase price less salvage value.

If a heifer purchased on our sale doesn't get pregnant, we will give credit less salvage value for our next sale.

What we will not do is refund or credit more than the purchase price or be responsible for open cows, vet bills or lost calves.

Our goal is that you are happy with the seedstock you purchase from Schawang Cattle Co. In the case of guest consignors on our sale, ask them what their guarantee is.

Breed Average EPDs

| Breed | Calving Ease | Birth Weight | Weaning Weight | Yearling Weight | Milk | Total Maternal |
|-----------|--------------|--------------|----------------|-----------------|------|----------------|
| Gelbvieh | 13 | 0.0 | 69 | 101 | 22 | 57 |
| Simmental | 4.7 | 5.1 | 70.6 | 96.6 | 33 | 68.6 |
| Angus | 6 | 1.2 | 63 | 112 | 27 | 66 |
| Red Angus | 13 | -1.8 | 60 | 97 | 26 | 37 |

BULL DEVELOPMENT

It remains our goal to breed bulls to be the best they can be instead of feeding them to be the biggest they can be. We aim for 2 ½ to 3 pounds per day gain on the spring bulls. And a little less than that on the fall bulls which don't see feed that they don't graze until they are over a year old. This moderate growth rate allows their feet, legs, and testicles to develop properly for a long productive life.

Yearling Balancer Heifers

HEIFER SELECTION

Our 2023 spring calf crop was about 2/3 bulls. Therefore, every heifer that was good enough to keep as a cow is on the sale. We keep our replacement heifers from the fall herd because we are trying to increase the numbers in the fall herd – It's easier calving in September than January. Incidentally, our spring 2024 calf crop is over 80% bulls so next year may be the same.
